What's Good in music? **Najee**

The Grammy Award-winning saxophonist is gearing up for the release of his new album, *The Morning After - A Musical Love Journey*, with the release of "In The Mood To Take It Slow" featuring veteran R&B songstress **Meli'sa Morgan**.

The smooth jazz cut proves the perfect showcase of **Najee's** musicianship, and Morgan's sultry vocals that dominated R&B radiowaves in the late 80s and early 90s.

"In The Mood To Take it Slow" follows the album's first single, "Champs Élysées," featuring **Demonte Posey** on keyboard.

*The Morning After - A Musical Love Journey* will be released on October 22, 2013
