TRELAWNY, Jamaica -- American musician Najee Friday blew some Jazz into the Jamaica Jazz and Blues Festival now in its second night at the Trelawny Multi Purpose Stadium.

The smooth jazz saxophonist and flautist injected his own brand of the music into the festival with some of his tracks as well his take on popular tunes.

His appreciation from the audience grew once he started to deliver tracks such as 'All I ever Ask' which featured his guitarist Chuck Jackson on vocals. He then put his stamp on Anita Baker's 'Sweet Love' and Stevie Wonder's 'Knocks me off My Feet' which he performed on the flute.

Also set to take to the Jazz stage tonight are Chrisette Michelle, Joe and Toni Braxton.
